I have a degree in Business Administration with a major in accounting and a minor in economics.

For the past 19 years I have worked for the CRA as an Income Tax Auditor. Prior to that I worked at Camosun College as an accountant for 4 years.

I believe that my experience as accountant with Camosun College doing budgeting, reporting and forecasting plus my experience as an auditor for the CRA will be valuable to JDF in helping maintain their fiscal responsibility.

Thank you,

Bernadette
